

The Custom Home Collection

Windows, doors, cabinetry, stone, fixtures and finishes from one source

STREAMLINED
SUPPLIES

STREAMLINED SUPPLIES

One source for the whole house

We source building and interior products directly from manufacturers and deliver them to your project as one coordinated package. You deal with one team from takeoff to delivery.

- Factory-direct from Asia, Europe, Latin America and the Middle East
- Quantities taken off from your plans
- Shop drawings and samples before production
- Delivery coordinated to the jobsite

Inside the collection

Windows and glass walls 04

Entry doors 06

Interior doors 07

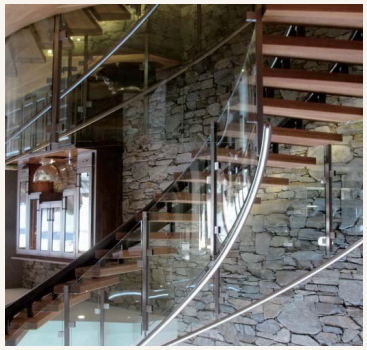
Wood flooring 14

Stone, tile and slabs 15

Wall panels and millwork 17

Decorative lighting 18



Stairs and railings 19

Fireplaces 20

Outdoor living 21

Door hardware 22

OPENINGS

Windows and glass walls

Aluminum and uPVC window systems, sliding and folding glass walls, and sunroom glazing, built to the sizes on your plans. Every order is drawn before it is made, so openings, sightlines and hardware are settled early.

OPERATION
Casement, tilt-turn, fixed, sliding, lift-slide, folding

FRAMES
Thermal-break aluminum, uPVC, wood-clad looks

GLAZING
Insulated units, tempered and laminated options

FINISH
Standard and custom colors, matched across the house

OPENINGS

Opening the house to the site

Large sliders and glass rooms carry the same frame profiles and colors as the windows, so the whole envelope reads as one system.

- Multi-panel sliding doors
- Folding and pocketing walls
- Glass sunrooms and enclosures

OPENINGS

Entry doors

Pivot, single and double entry doors with sidelights and transoms, sized to the opening instead of the nearest stock unit. Slabs, frames and hardware arrive as one coordinated set.

STYLES

Pivot, hinged single, double, with sidelights or transom

FACES

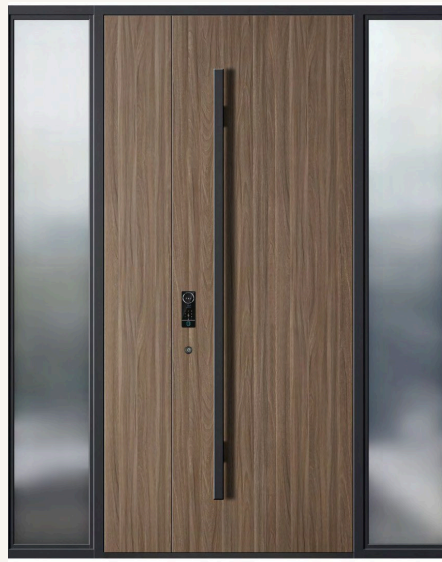
Solid wood, veneered, steel and aluminum-clad

GLASS

Clear, frosted, decorative and privacy lites

HARDWARE

Pulls, multipoint locks and smart-lock prep

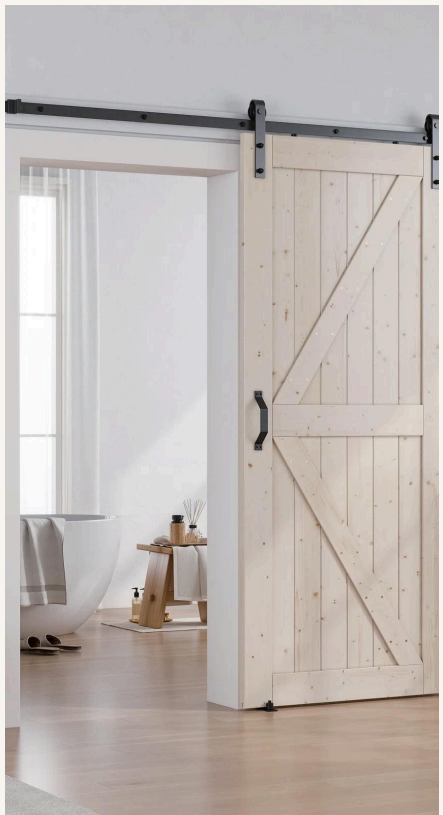


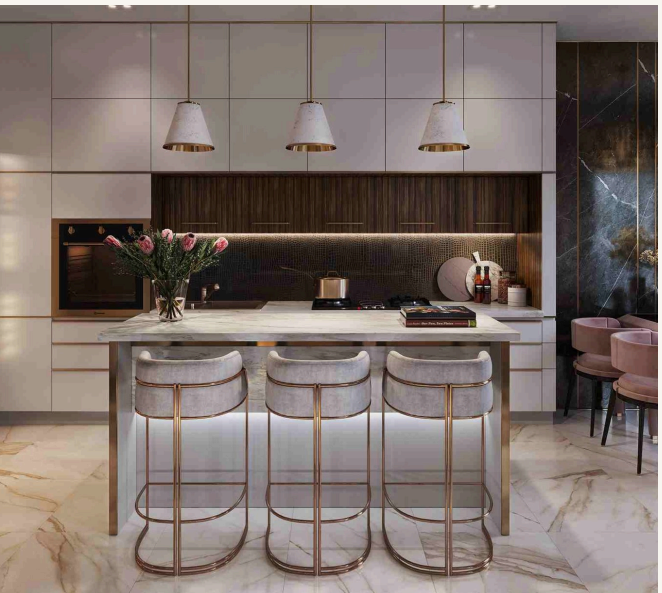
OPENINGS

Interior doors

Painted, stained and veneered interior doors with matching jambs and casing, ordered from the door schedule for the whole house.

- Panel, flush and glass-lite doors
- Double, pocket and barn-track doors
- Pre-hung with jambs and casing





KITCHEN AND STORAGE

Kitchen cabinetry

Full kitchens built from your drawings: islands, pantries, appliance walls and tall storage, with shop drawings issued for approval before production starts.

CONSTRUCTION
Framed and frameless boxes, plywood options

FRONTS
Painted shaker, slab, veneer, lacquer and glass

INTERIORS
Pull-outs, drawer organizers, soft-close hardware

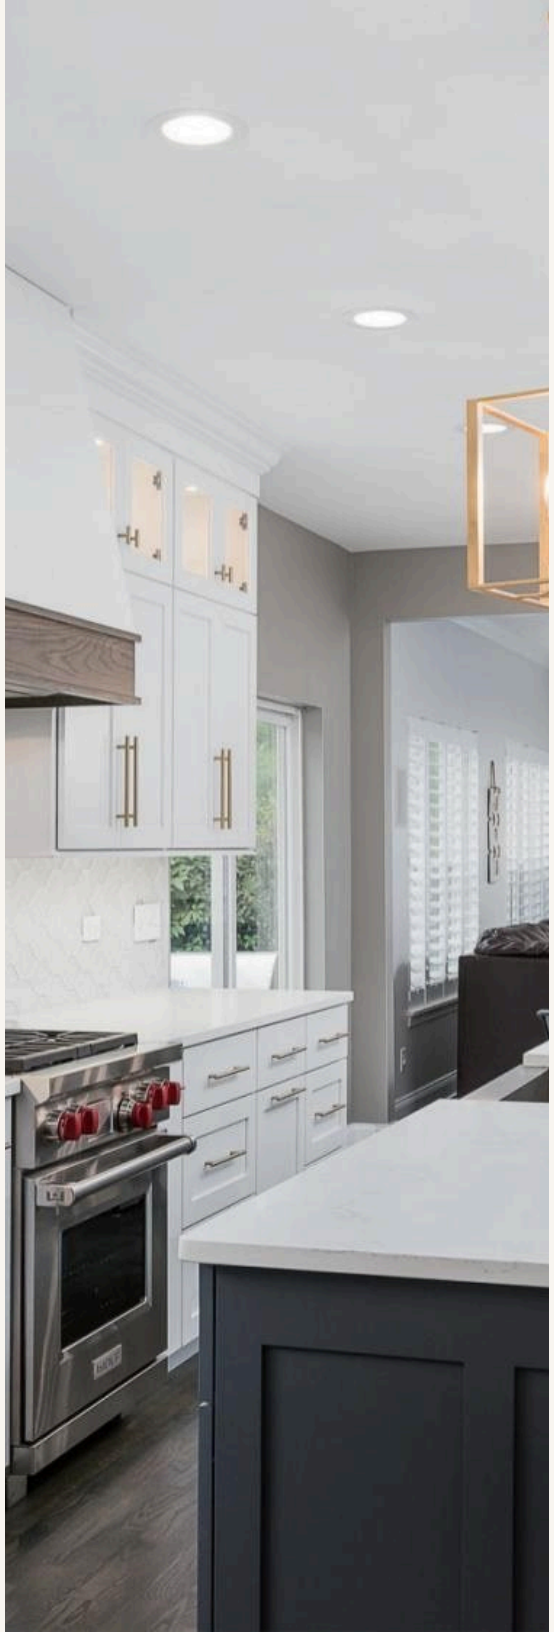
SCOPE
Kitchens, pantries, bars, laundry and mudrooms

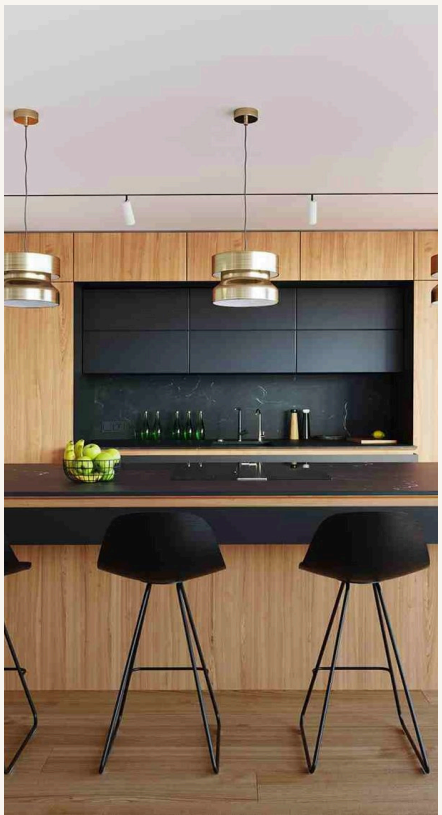
KITCHEN AND STORAGE

Kitchens in every finish

One supplier for the cabinet boxes, fronts, hardware and matching panels, so color and sheen stay consistent from room to room.

- Painted and stained wood
- Matte and gloss lacquer
- Wood veneer and textured laminates





KITCHEN AND STORAGE

Closets and wardrobes

Walk-in closets and built-in wardrobes designed around the room: glass-front and open sections, islands, dressing tables and integrated lighting.

SYSTEMS

Walk-in, reach-in and freestanding wardrobe walls

DOORS

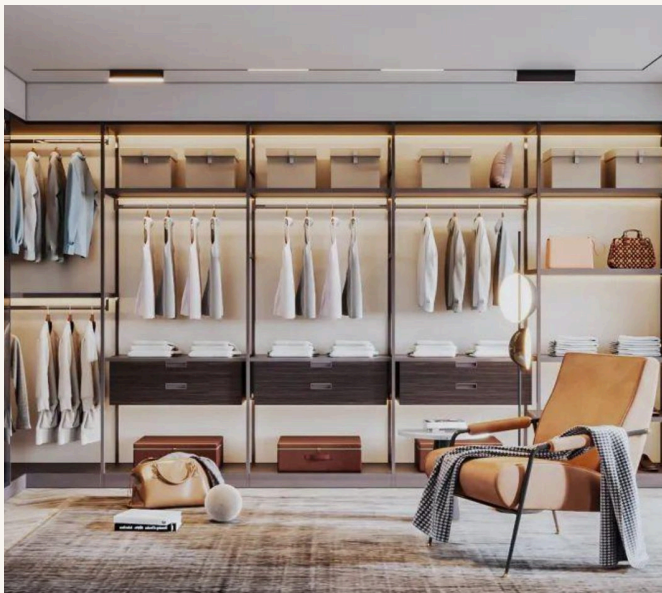
Aluminum-framed glass, hinged and sliding panels

DETAILS

LED shelf lighting, drawers, pull-down rails

FINISH

Wood grain, lacquer and leather-look panels



KITCHEN AND STORAGE

Outdoor kitchens

Weather-resistant cabinet runs for grills, sinks and refrigeration, finished to sit with the patio stone and siding.

- Grill and appliance cabinets
- Stone and sintered tops
- Powder-coated and wood-look fronts

BATH

Bath and plumbing fixtures

Faucets, shower systems, sinks, tubs and shower enclosures selected as a set, so finishes match across every bathroom and the kitchen.

FAUCETS

Kitchen, lavatory, tub fillers and bar faucets

SHOWERS

Thermostatic sets, rain heads, hand showers

SINKS, TUBS

Workstation sinks, vessel basins, freestanding tubs

FINISHES

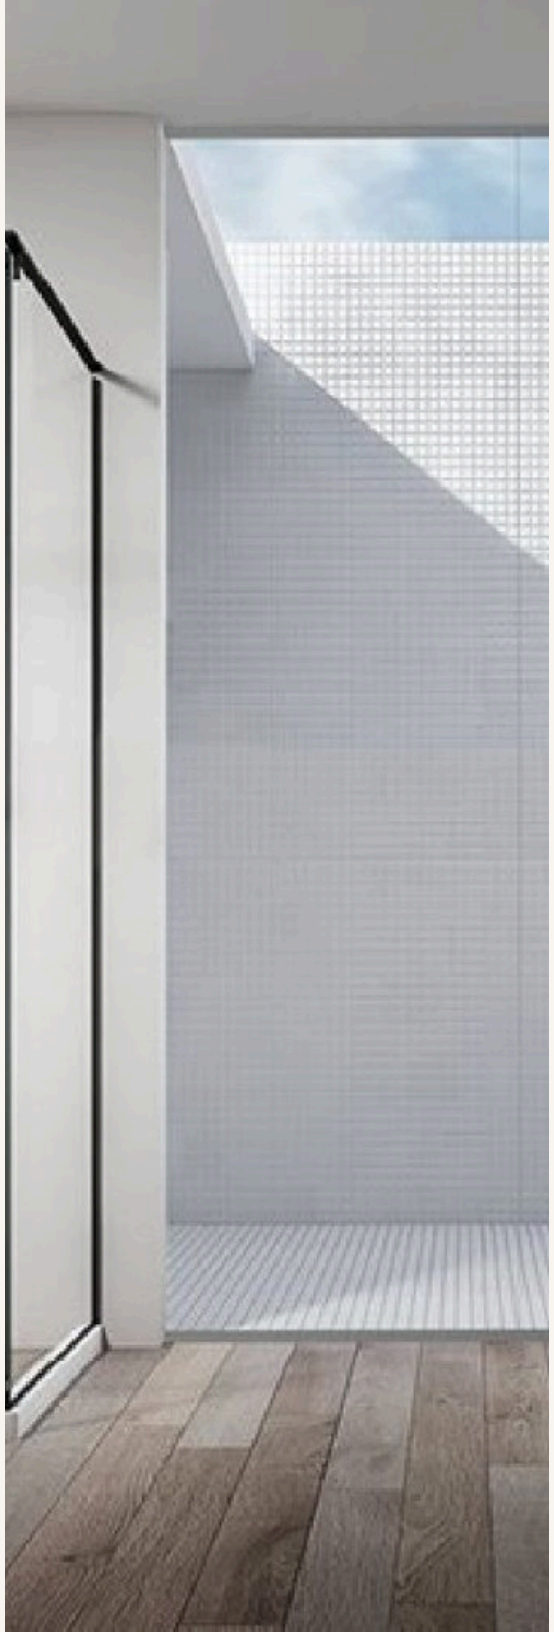
Chrome, brushed nickel, matte black, brushed gold

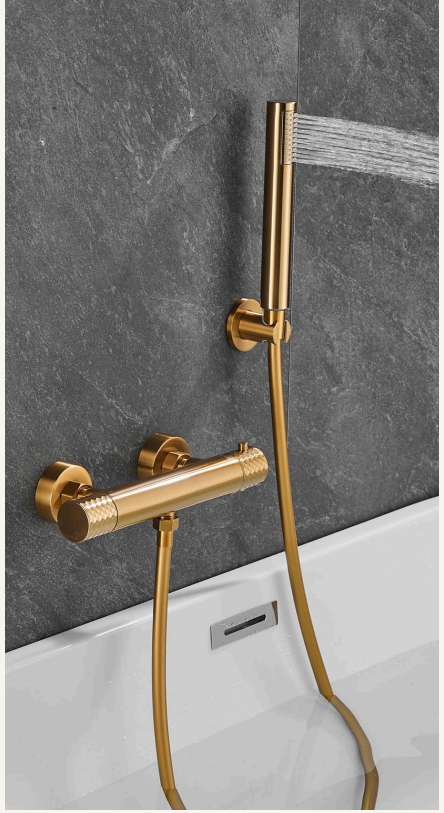
BATH

Showers, tubs and glass

Shower valves, enclosures and tubs are quoted together with the tile and vanities, which keeps rough-in dimensions and finishes aligned.

- Framed and frameless shower glass
- Freestanding and alcove tubs
- Matching accessories and drains





SURFACES

Wood flooring

Engineered hardwood in plank, herringbone and chevron formats, with stair treads, nosings and vents made from the same run so color carries through the house.

FORMATS

Wide plank, herringbone, chevron

SPECIES

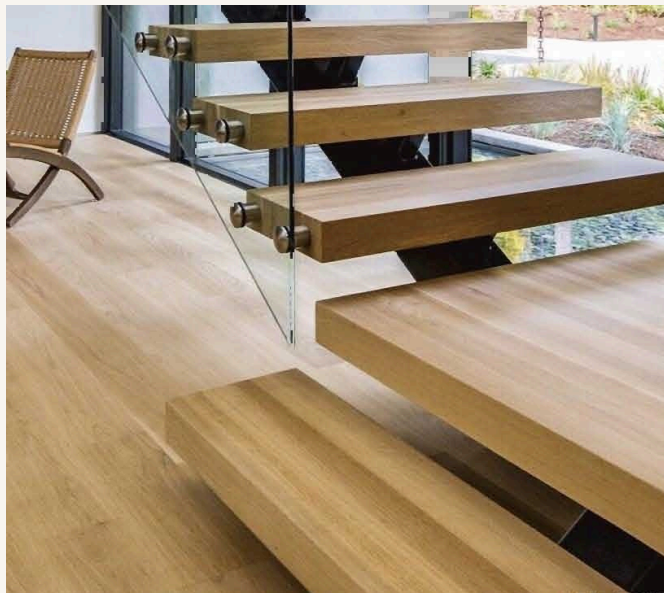
Oak and other hardwood wear layers

SURFACE

Brushed, smooth, matte and oiled looks

MATCHING

Stair treads, nosings, reducers and vents



SURFACES

Stone, tile and slabs

Porcelain tile and pavers, natural stone, and quartz and sintered slabs for floors, walls, counters and terraces. Indoor and outdoor finishes can be ordered in the same color.

TILE
Large-format porcelain for floors and walls

PAVERS
2 cm porcelain and natural stone for terraces

SLABS
Quartz, printed quartz, sintered and natural stone

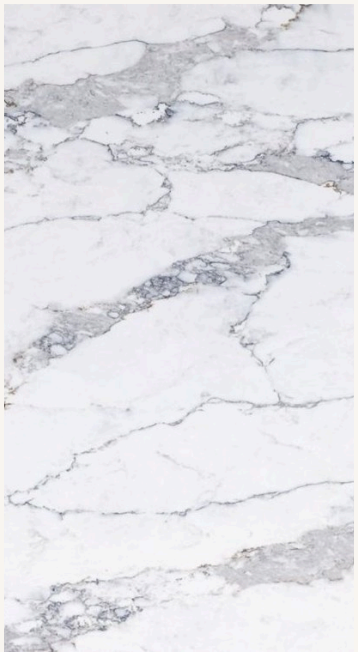
FINISH
Matte, polished, textured and anti-slip

SURFACES

Slabs and surfaces

Quartz and stone slabs are selected by color and veining, then cut to your countertop and vanity drawings.

- Countertops, islands and vanities
- Full-height backsplashes
- Fireplace and feature walls



SURFACES

Wall panels and millwork

Slatted and fluted wall panels, charred-wood cladding, shiplap, and molding profiles for interiors and exteriors, cut to length for the walls on your plans.

INTERIOR

Tambour and slat panels, shiplap, acoustic panels

EXTERIOR

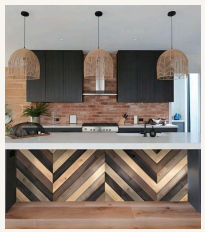
Charred wood and textured plank cladding

MILLWORK

Casing, base, crown and custom profiles

FINISH

Natural, stained, painted and prefinished

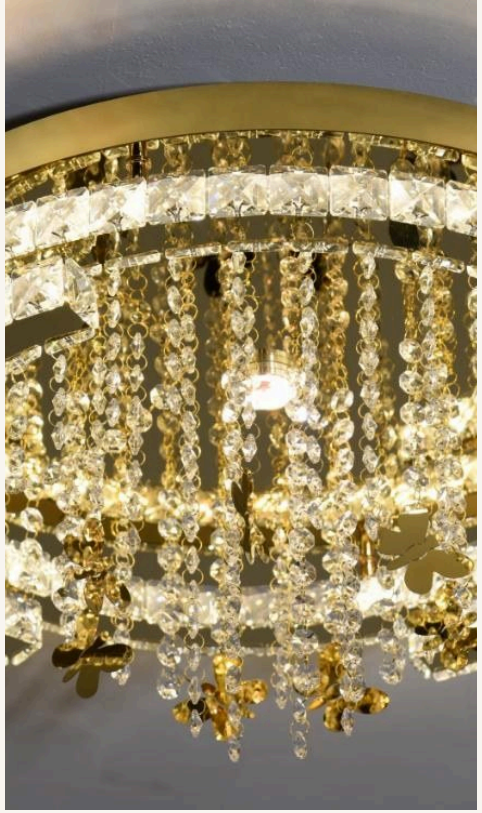


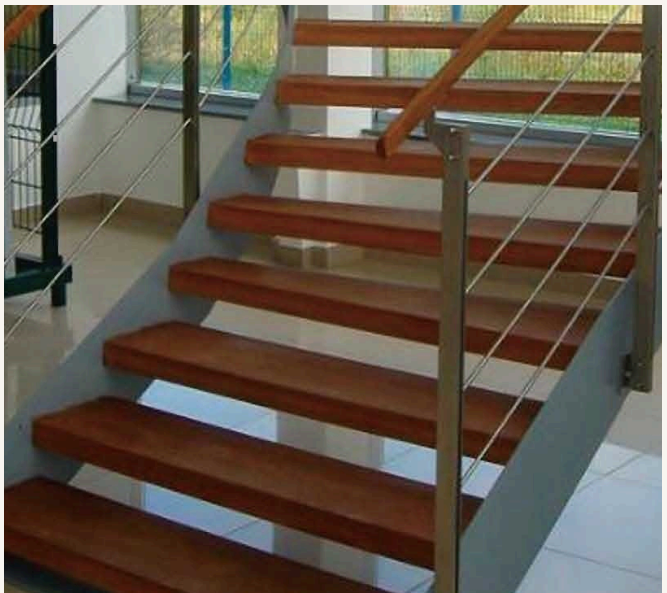
DETAILS

Decorative lighting

Statement fixtures for entries, dining rooms and stair halls, including pieces sized or reconfigured for a specific ceiling.

- Chandeliers and flush mounts
- Custom sizes and finishes
- Wall lights and pendants





DETAILS

Stairs and railings

Floating, curved and straight stairs with glass, cable or metal railings, engineered from site measurements and shipped as a kit of labeled parts.

STAIRS

Floating treads, mono-stringer, curved and spiral

RAILINGS

Frameless glass, cable, rod and picket

MATERIALS

Steel, stainless, aluminum, hardwood treads

EXTERIOR

Deck, balcony and pool railings

DETAILS

Fireplaces

Gas and electric fireplaces and log sets, coordinated with the stone or panel surround around them.

- Linear and traditional gas units
- Electric and water-vapor fireplaces
- Log sets and media

OUTDOOR

Outdoor living

Motorized screens and shades, glass rooms, pergolas and paving for patios and pool decks, specified together so posts, tracks and stone joints line up.

SHADE

Zip-track screens, exterior blinds, pergolas

ROOMS

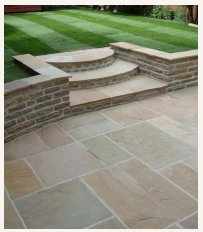
Glass sunrooms and garden rooms

PAVING

Porcelain and natural stone pavers, coping

FEATURES

Fire pits, walls and outdoor kitchens



DETAILS

Door hardware

Lever sets, pulls and locks chosen once and repeated through the house, in finishes that match the plumbing and lighting.

- Passage, privacy and entry sets
- Mixed-metal and two-tone levers
- Hinges, stops and closers

How an order runs

1

Send the plans

Share drawings, a schedule or a finish list. We take off quantities and note anything that needs a decision.

2

Review options

You receive factory-direct options with pricing, finishes and lead times laid out side by side.

3

Approve drawings

Shop drawings and samples come to you for sign-off before anything goes into production.

4

Receive on site

We follow production, inspect before shipment and coordinate delivery to the jobsite.
